

Volunteer *for the* Health of It!

Being a *Snow Angel* is a fun and healthy opportunity for citizens of all ages to enjoy the outdoors while making a personal contribution to improving the quality of life of someone in need.

Snow Angels is a service program where individuals, organizations, businesses, classrooms, families, can volunteer to help clear the driveways, paths, and porches for seniors and other families who are unable to perform this task on their own.

Please call 403-337-3341 to volunteer today!
